

## Selected Research Associates 2015/16

### Partial Sponsorship for the World Cotton Research Conference-6 Goiânia - Goiás, Brazil May 2-6, 2016

#### Argentina

1. Mr. Ivan Bonacic Kresic  
Coordinator  
Del Programa Nacional Integrador Del  
Algodón  
Instituto Nacional de Tecnología Agropecuaria  
Sáenz Peña, Chaco  
Email: [bonacickresic.ivan@inta.gob.ar](mailto:bonacickresic.ivan@inta.gob.ar)  
**Paper:** Situation of cotton blue disease in  
Argentina

2. Mr. Mario Hugo Mondino  
National Coordinator  
De Manejo Y Calidad Del Algodón  
Instituto Nacional de Tecnología Agropecuaria  
Santiago del Estero  
Email: [mondino.mario@inta.gob.ar](mailto:mondino.mario@inta.gob.ar)  
**Paper:** Narrow row: a new cotton production  
system for small farmers in Argentina

3. Mrs. María Alejandra Simonella  
National Coordinator  
De Mejoramiento Genético Y Protección  
Vegetal Del Algodón  
Instituto Nacional de Tecnología Agropecuaria  
Sáenz Peña, Chaco  
Email: [simonella.maria@inta.gob.ar](mailto:simonella.maria@inta.gob.ar)  
**Paper:** Advances in boll weevil control  
research in Argentina

#### Colombia

4. Mr. Jaime Restrepo Velez  
Conalgodon  
Cra 12 No 70-18 Piso 1  
Bogotá  
Email: [jaime.restrepo@conalgodon.com.co](mailto:jaime.restrepo@conalgodon.com.co)  
**Paper:** No paper.

#### Egypt

5. Dr. Amal Saber Mohamed  
Focal Point Coordinator for Plant Production  
EU Funded Program  
Agriculture Research Center  
9 El-Gamaa St., Giza 12619

Email: [amalsaber@yahoo.com](mailto:amalsaber@yahoo.com)

**Paper:** Effect of different types of compost  
made from rice straw, cotton stalk, bagasse  
and their mixture compared with mineral  
fertilizers on cotton yield and fiber quality

#### India

6. Dr. (Mrs.) Nalayini Periyakaruppan  
Principal Scientist (Agronomy)  
Central Institute for Cotton Research  
Regional Station  
Coimbatore – 641003, Tamil Nadu  
Email: [nalayiniganesh@gmail.com](mailto:nalayiniganesh@gmail.com)  
**Paper:** Beneficial Effects of Structured Water  
and Pink Pigmented Facultative  
Methylotrophs for Growth, Yield and Quality of  
Irrigated Cotton

7. Dr. A. G. Sreenivas  
Commonwealth Post Doctorate Fellow &  
Associate Professor of Entomology  
Department of Agricultural Entomology  
University of Agricultural Sciences  
P. B. No: 329  
Raichur 584 102, Karnataka  
Email: [agsreenivas@gmail.com](mailto:agsreenivas@gmail.com)  
**Paper:** Climate change: Implications on tri-  
trophic interaction between Bt cotton, aphid  
and coccinellid predator

#### Mozambique

8. Mr. Manuel Pedro Maleia  
Cotton Breeder  
Mozambique Agricultural Research Institute  
(IIAM)  
Cotton Research and Seed Multiplication  
Centre of Namialo (CIMSAN)  
Namialo – Nampula  
Email: [mmaleia@gmail.com](mailto:mmaleia@gmail.com)  
**Paper:** Stability and adaptability of cotton  
(*Gossypium hirsutum* L.) genotypes based on  
AMMI analysis in Mozambique

#### Pakistan

9. Mr. Abdullah Keerio  
 Scientific Officer, Physiology  
 Central Cotton Research Institute  
 The National Highway  
 Sakrand, District Nawabshah  
 Sindh  
 Email: [abdullahkeerio2003@yahoo.com](mailto:abdullahkeerio2003@yahoo.com)  
**Paper:** Influence of Potash fertilizer on CLCV incidence and seed cotton yield.

10. Mr. Kalim Ullah  
 Scientific Officer, Breeding  
 Cotton Research Station  
 Dera Ismail Khan  
 Email: [kalimpbgian@yahoo.com](mailto:kalimpbgian@yahoo.com)  
**Paper:** Genetic diversity of cotton (*Gossypium hirsutum* L.) genotypes for yield and quality attributes and response to CLCV disease

11. Ms. Asia Parveen  
 Scientific Officer  
 Central Cotton Research Institute  
 Old Shujahabad Road  
 Multan  
 Email: [asiaahs@yahoo.com](mailto:asiaahs@yahoo.com)  
**Paper:** Adaptability of transgenic cotton genotypes to high temperature stress

#### **Poland**

12. Dr. Iwona Frydrych  
 Professor  
 Institute of Textile Architecture  
 Lodz University of Technology  
 Street Żeromskiego 116  
 90-924 Lodz  
 Email: [iwona.frydrych@p.lodz.pl](mailto:iwona.frydrych@p.lodz.pl)  
**Paper:** Comparison of utility properties of fabric made of cotton and cotton/PES blends

13. Dr. Małgorzata Matusiak  
 Lodz University of Technology  
 Street Żeromskiego 116  
 90-924 Lodz  
 Email: [malgorzata.matusiak@p.lodz.pl](mailto:malgorzata.matusiak@p.lodz.pl)  
**Paper:** Cotton color measurement by means of HVI, spectrophotometer and DigiEye

#### **Sudan**

14. Dr. Abdelrahman Hassan Abdellatif  
 Head, Cotton Fiber Quality  
 Cotton Program

Agricultural Research Corporation  
 Wad Medani  
 Email: [ahlatief@yahoo.com.hk](mailto:ahlatief@yahoo.com.hk)  
**Paper:** Sudan strives to improve cotton quality and to mitigate stickiness

#### **Turkey**

15. Dr. Sema Basbag  
 Professor, Field Crops Department  
 Faculty of Agriculture  
 Dicle University  
 21280-Diyarbakir  
 Email: [sbasbag@dicle.edu.tr](mailto:sbasbag@dicle.edu.tr)  
**Paper:** Determination of Some Fiber Technological Properties of Cotton Planted as Double-Crop in Wheat- Cotton System

#### **Zambia**

16. Mr. Martin Lubinda Simasiku  
 Breeder  
 Cotton Development Trust  
 P.O Box 670057  
 Magoye, Mazabuka  
 Email: [martinsimasiku@gmail.com](mailto:martinsimasiku@gmail.com)  
**Paper:** Cotton breeding
